CUSTOM COLORS

Custom Color Policy

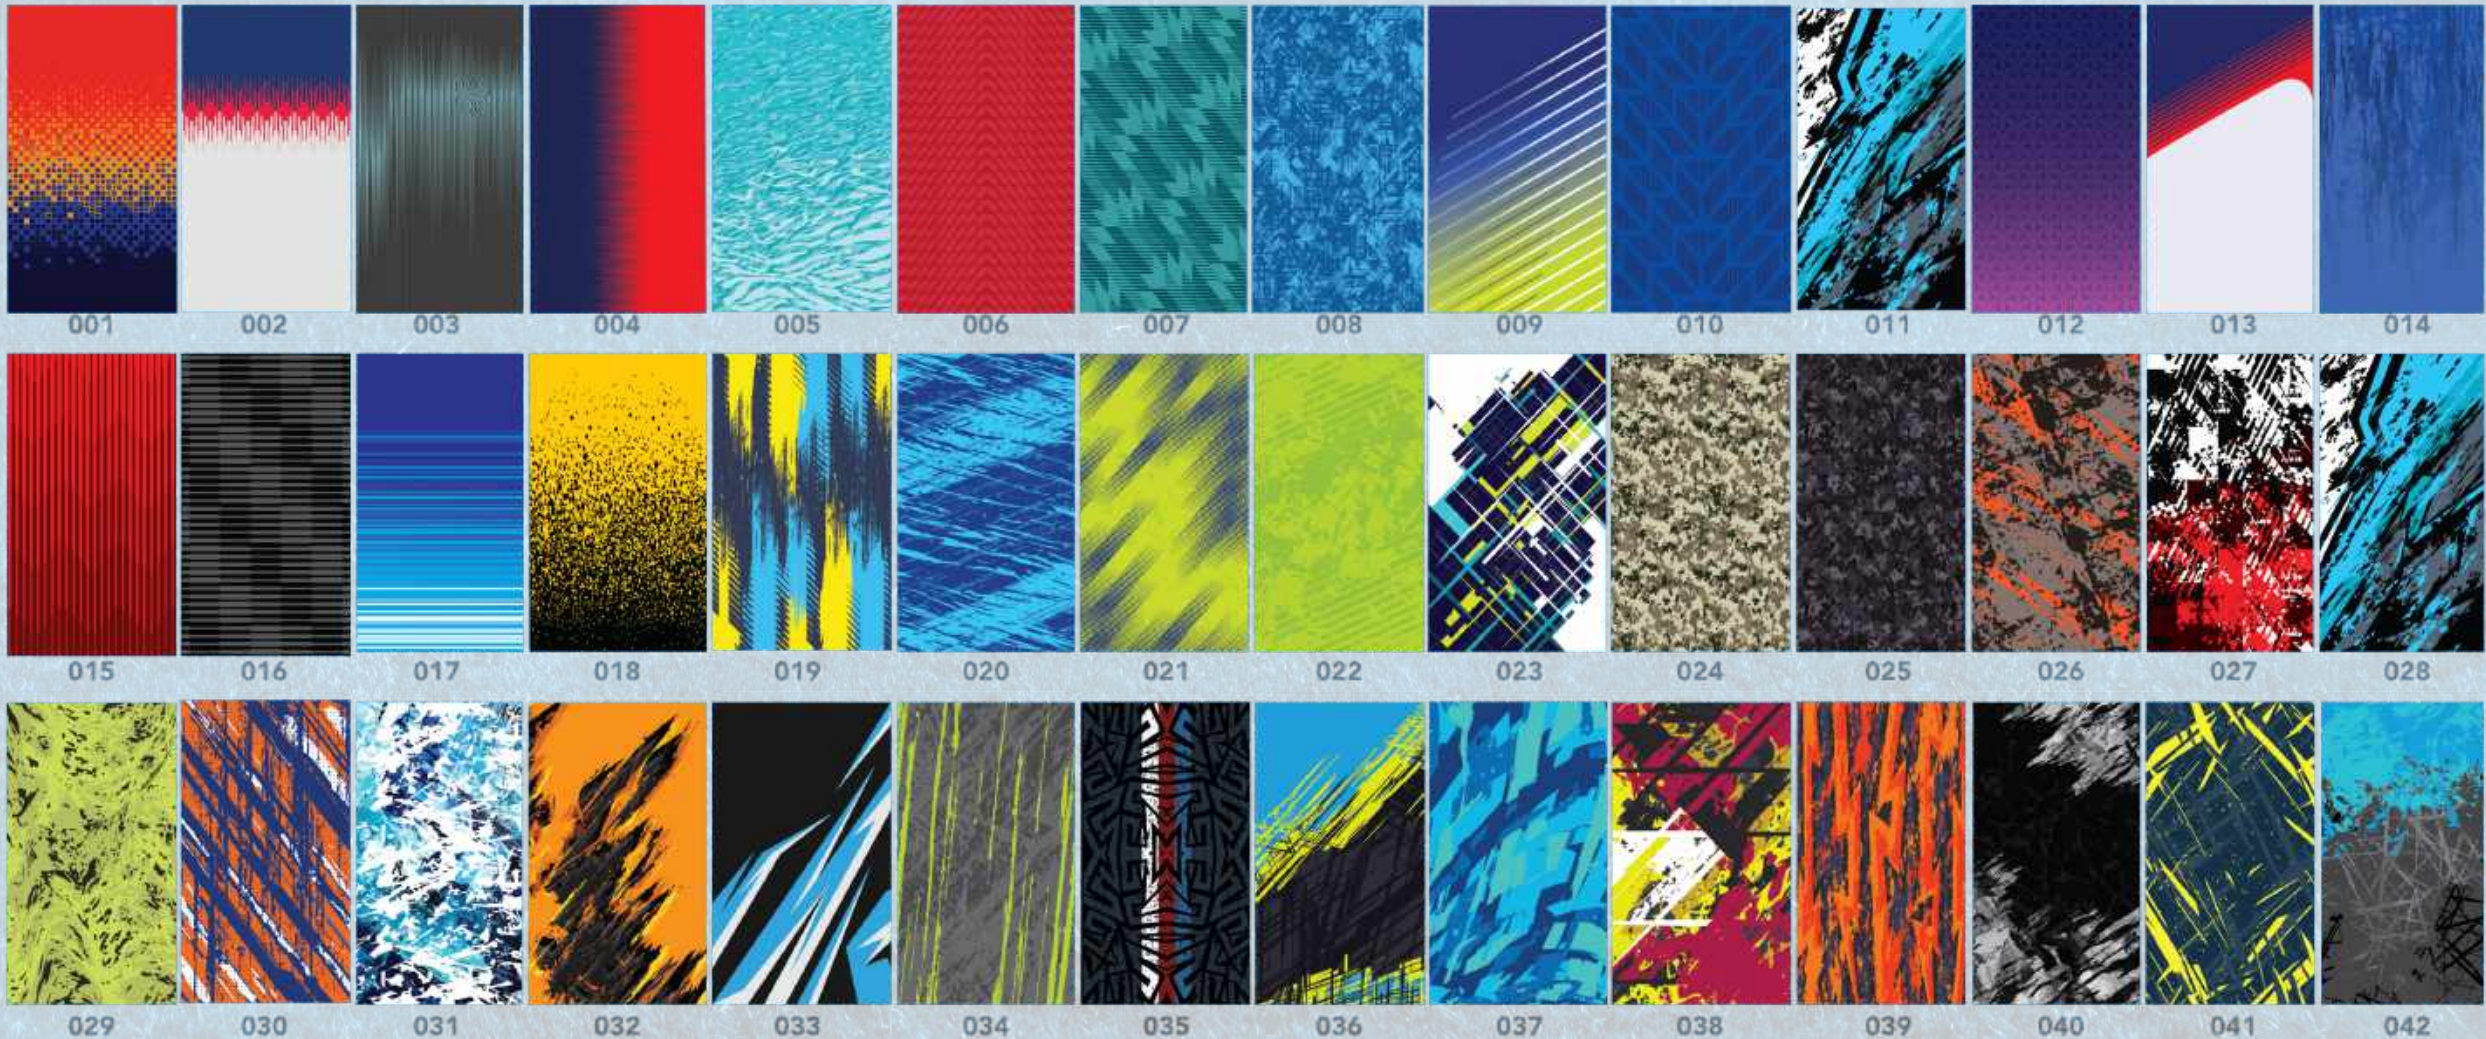

Our color palette is based upon the most widely requested colors that we have provided our customers. If the color is not represented below, it doesn't mean we cannot produce it. It is simply not in high demand. We print using a conversion process of CMYK and Pantone® Colors. Custom Colors are allowed. We will match as close to possible to the Pantone (PMS) or sample colors that you request, but due to the nature of the sublimation printing process, we cannot guarantee an exact match.
